

# AI Legal Document Analysis

## **Summary:**

This legal notice, dated February 15, 2020, is from Sarthak Mishra's lawyer, Satish Shrivastava, to Vishal Gondal, founder of GOQii Technologies. Mishra alleges Gondal defamed him by publicly criticizing online real-money gaming (Rummy, Poker, fantasy leagues) as gambling, despite court rulings establishing them as skill-based games. Gondal's statements, including a Medianama article and social media posts, allegedly damaged Mishra's reputation with family and colleagues. Mishra demands a public apology and Rs. 500,000 in damages, threatening legal action if Gondal doesn't comply within 15 days. The notice cites defamation under the Indian Penal Code and the Information Technology Act.

## **Parties:**

Vishal Gondal, Sarthak Mishra, Satish Shrivastava, GOQii Technologies, Medianama

## **Date/Time:**

**Notice Date:** February 15, 2020

**Medianama Article Date:** January 11, 2021

**Response Deadline:** 15 days from receipt of notice

## **Money/Penalties:**

Rs. 500,000 damages + Rs. 50,000 legal fees

## **Obligations:**

Public apology, payment of damages, cease and desist from defamatory statements.

## **Risks:**

- **Defamation/Reputation:** Gondal's statements caused reputational harm to Mishra, potentially leading to civil and criminal liability under Indian law.
- **Damages & Remedies:** Mishra seeks significant monetary compensation for the damage to his reputation.
- **Intellectual Property Risks:** Gondal's actions may constitute disparagement and unfair trade practices under Indian Intellectual Property Laws.
- **Cyber Defamation:** Gondal's social media posts may constitute cyber defamation under the Information Technology Act, 2000.

## **Suggestion:**

Gondal should carefully review the legal notice and consider seeking legal counsel. A prompt and considered response, potentially including an apology and settlement offer, could mitigate potential

legal risks and costs. Failure to respond appropriately could result in significant financial and reputational damage.
